

Pre-Texts at Yizhou Elementary School

When: December 8-9, 2014

Where: Chengdu, China

On December 8th and 9th, Clement Chung, the President of Wiseman Education in Hong Kong, and Trecia Reavis, the Cultural Agents Initiative's Capacity Builder of Pre-Texts in China, facilitated a Pre-Texts (locally referred to as LOL - Literature Out Loud) workshop for approximately 35 administrators, foreign teachers and English teachers from Yizhou Elementary School and other local schools.

Trecia and Clement used Shel Silverstein's *The Giving Tree* for the training. Participants designed many interesting learning activities that demonstrated the integrated nature of language acquisition.
